

With Grateful Hearts

Autumn is here again, and it is time to think about our annual financial commitment to our spiritual community and home, Holy Trinity.

Counting Our Blessings...

At Holy Trinity, our blessings are so numerous, we couldn't begin to fit them on the pages of this brochure.

When we ask, "What do you love most about Holy Trinity Church?" The number one answer is always "the people!"

We are blessed at Holy Trinity to have a family with which we can celebrate, sing, laugh, cry, and worship.

In addition to our joyful congregation, we are also blessed with abundant resources, and a wonderful church building with a beautiful space for worship.

Due to the generosity of parishioners past and present, we are able to share the rich traditions of our heritage and the joy of our times of fellowship with one another.

Spreading the Joy...

As we at Holy Trinity look to the future, we hope to continue to share the abundance with which we've been blessed with the community outside our parish family.

Supporting Our Ministries

It's no secret that it takes money to run a church and fund our various ministries. Your financial contributions help support four different areas of our ministry.

Worship—Coming together to praise God is central to our life as a church family. Your commitments help pay our clergy and organist, as well as music, altar supply and bulletin expenses.

Parish Life and Outreach—Supporting our parish family and reaching out in love to the surrounding community is another part of what we are called to do. Your contributions aid in these ministries that include parish celebrations, community events, Christian Education, Marks of Mission giving, and support of organizations outside of Holy Trinity Church.

Property—We are blessed with beautiful and useful church facility and grounds, but keeping them in working order takes quite a bit of money. Your contributions help pay for upkeep, improvements, insurance, utilities, and cleaning for this building we call home.

Administration—Keeping our church running smoothly is also necessary. Financial support helps pay for our administrative staff, office supplies, and technology.
